

Virginia Governor visits QuEST

Our Bureau

Bangalore, Nov. 18:

The Governor of Virginia State, US, Mr Robert F. McDonnell, visited aerospace company, QuEST Global's Bangalore centre on Friday.

He discussed growth and providing employment opportunities to local talent in the State, a company release said.

Mr McDonnell was quoted as saying, "We are excited by the partnering potential with QuEST. We have multiple synergies that can be leveraged by the companies and colleges in Virginia by teaming with QuEST."

He was in Bangalore to assess Karnataka's industries and prospects for tie-ups with Virginia, the release said.

Dr Ajay Prabhu, COO of QuEST, who received him, said, "Many of QuEST's strategic customers are doing business in Virginia, which is home to many aerospace and defence companies. The visit to the QuEST facility in Bangalore is testimony to the growing interest in the comprehensive high technology engineering services we provide."
